crowd

March Highlights

English

We have been learning the letter names and sounds for s,a,t,i,n, and p. We have been talking about ourselves and our families. Also, we are noticing labels in our world and understand why they are important. Making our own labels has been fun!

Math

We have revised numbers and number names from one to ten. Using our number charts, we counted to 25 and back again. We are recognising and naming 2 dimensional shapes. It is fun to work out sums to 5. We also enjoyed completing geometric patterns. Our favourite game is called 'what is my secret?'

Science

We have investigated the differences between living and non living things. We went for a walk in the school and found many things that were both living and non-living.

Social Studies

The topic for the next few weeks is 'My World'. It was great fun to look at our world on a globe and locate South America and Chile. We have discovered 6 other continents and are learning their names. We saw lots of water too and know that they are oceans.

Up next month

Science & Social Studies

- Animals babies
- Animal homes
- Healthy food and drink
- Looking at our city
- Learning our address and a phone number.

English

- Letters c,k,e,h,r,m,d
