Labyrinth and Piano Key Weirs III

Table of Contents

Keynote lectures

History and development of Piano KeyWeirs in Vietnam from 2004 to 2016
M. Ho Ta Khanh

Twenty years of research in Biskra University for Labyrinths and Piano KeyWeirs and associated fuse plugs
A. Ouamane, M. Debabeche, F. Lempérière & J.P. Vigny

Hydraulics of Piano KeyWeirs: A review
S. Erpicum, P. Archambeau, B. Dewals & M. Pirotton

Overview of design and construction of 11 Piano KeyWeirs spillways developed in France by EDF from 2003 to 2016
F. Laugier, J. Vermeulen & B. Blancher

I Research and development

I.1 Hydraulics

Research on Piano KeyWeirs capacity for free and submerged flows
H. Nguyen Thanh, T. Tang Duc & M. Ho Ta Khanh

Flow regimes over trapezoidal Piano KeyWeirs
A. Mehboudi, J. Attari & S.A. Hosseini

Synthesis of Piano KeyWeir experimental studies at LNHE
G.M. Cicero, F. Laugier & J. Vermeulen

Study of the influence of submergence on the upstream flow of Piano KeyWeir
F. Belaabed, B. Athmani, A. Ouamane & A. Laiadi

I.2 Geometry

The effect of the geometric shape of the alveoli on the performance of Piano KeyWeirs
A. Laiadi, B. Athmani, F. Belaabed & A. Ouamane

Numerical investigation of wall thickness influence on Piano KeyWeir discharge coefficients: A preliminary study
F.L. Bremer & M. Oertel

Experimental study of discharge coefficient of a Piano Key SideWeir

I.3 Fluid-structure interactions and aeration

Fluid structure interaction of Piano KeyWeirs
F.J.M. Denys, G.R. Basson & J.A.v.B. Strasheim

Design of a Piano KeyWeir aeration network
J. Vermeulen, C. Lassus & T. Pinchard

Could Piano KeyWeirs be subject to nappe oscillations?
M. Lodomez, M. Pirotton, B. Dewals, P. Archambeau & S. Erpicum
I.4 Energy dissipation
Toe-scour formation at Piano KeyWeirs
M. Pfister, S. Jüstrich & A.J. Schleiss

Experimental study for energy dissipation using stilling basin downstream of Piano KeyWeirs type A
H. Truong Chi & M. Ho Ta Khanh

I.5 Future applications and developments
Piano Key and Labyrinth Weirs at German waterways: Recent and future research of the BAW
F. Belzner, J. Merkel, M. Gebhardt & C. Thorenz

Piano KeyWeir as overflow on sedimentation basin of wastewater treatment plant
J.-M. Ribi, B. Spahni, D. Dorthe & M. Pfister

Physical modeling size-scale effects for labyrinth weirs with half-round crests
B.P. Tullis, N. Young & B.M. Crookston

II Projects

II.1 Studies
A Piano KeyWeir to improve the discharge capacity of the Oule Dam spillway (France)
S. Erpicum, P. Archambeau, B. Dewals, M. Pirotton, H. Tralli & J. Alende

Piano KeyWeirs on a lateral spillway: From an analytical preliminary design to a detailed design validated by a physical model
A. Chapuis, M. Thomas, L. Deroo, C. Richit & C. Touzet

Estimation of discharge coefficient and optimization of Piano KeyWeirs
K. Azizi, J. Attari & A. Moridi

A comparison of side weirs and labyrinth weirs at Ilmenau river
M. Gebhardt, J. Merkel, F. Belzner & C. Thorenz

II.2 Construction
The raising of Hazelmere Dam by means of Piano KeyWeir
D. Booyse

Construction and testing of two Piano KeyWeirs at Charmines dam
P. Valley & B. Blancher

Construction of a Piano KeyWeir spillway at La Raviège dam
M. Cubaynes, F. Laugier & V. Nagel

Construction of a Piano KeyWeir spillway at Record dam
F. Dabertrand, J. Vermeulen & B. Blancher

Study, design and construction of the Van Phong Piano KeyWeirs
Q. Dinh Sy, A. Nguyen Luong & H. Nguyen Manh

Adoption of a type D Piano KeyWeir spillway with tapered noses at Rambawa Tank, Sri Lanka
H.M. Jayatillake & K.T.N. Perera
Labyrinth and Piano Key Weirs
